

I-285 West Metro Express Lanes

A Major Mobility Project — P.I. Number: 0001758

Fact Sheet

What is the Project?

I-285 West Metro Express Lanes is a major Georgia DOT project planned to improve mobility along I-285 in metro Atlanta, one of the most heavily-traveled and congested interstate highways in America. More than 240,000 vehicles travel across this stretch of highway every weekday.

The project focuses on adding two new elevated, barrier-separated express lanes in both directions of I-285, alongside the existing general purpose lanes.

5 Things You Need to Know

1. Includes the I-285 top end from Paces Ferry Road on the west to SR 400 on the east
2. Adds new lane miles on I-285
3. Contributes to reducing 6,000+ hours of delay each day on the top end of I-285*
4. Provides more reliable trip times and free access for transit and vanpools
5. One of the large-scale Major Mobility Investment Program projects to improve transportation in Georgia's metro areas

What's the Project Status?

Georgia DOT is conducting studies, including environmental, to help determine alignments, express lanes configurations, and access points. Construction is estimated to be completed in 2032. The schedule is subject to change.
